Professor Richard Green

Department of Computer Science & Software
Engineering
University of Canterbury
Co-chairs the NZ AI Researchers Association
New Zealand

Since 2004 Professor Richard Green has been lecturing in computer science at the University of Canterbury (UC) after running his own successful 50 staff software company in Sydney (sold to a multinational). With over 200 refereed publications, Richard heads the UC Computer Vision Research Lab with an emphasis on AI and machine learning for computer vision (autonomous robots, drones, underwater robots, human movement). Richard also co-chairs the NZ AI Researchers Association and leads a UC AI Research Cluster.
