

SEAMOLEC Journey on Providing Professional Development for Teachers in ICT Integration into Teaching and Learning

Cahya Kusuma Ratih
SEAMEO SEAMOLEC

Abstract

The ICT enhancement has been the main enable for the further development in Open and Distance Learning. The Southeast Asian Ministers Education Organization Regional Open Learning Centre (SEAMOLEC) as one of SEAMEO regional centre for open and distance learning since 1997 is mandated to conduct trainings especially Training of Trainers for teachers. In order to optimize its service and serve large number of teachers, since 2016, SEAMOLEC has introduced online trainings that combine synchronous meetings and asynchronous learning at SEAMOLEC MOOC platform. To equip teachers, with the latest competencies and possible approach on utilizing ICT, most of SEAMOLEC online courses is related to those ICT related materials. In this event, it will be shared the SEAMOLEC good practices on providing open online courses for teachers' professional development in the region. Further development and enhancement are always needed to keep the relevance and providing better training services for teachers.
